

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

ACT OF INCORPORATION.

CHAPTER 352, ACTS OF 1891.

AN ACT TO ESTABLISH THE TRUSTEES OF PUBLIC RESERVATIONS.

SECTION 1. Frederick L. Ames, Philip A. Chase, Christopher Clark, Charles R. Codman, Elisha S. Converse, George F. Hoar, John J. Russell, Leverett Saltonstall, Charles S. Sargent, Nathaniel S. Shaler, George Sheldon, William S. Shurtleff, George H. Tucker, Francis A. Walker, George Wigglesworth, their associates and successors, are hereby made a corporation by the name of The Trustees of Public Reservations, for the purpose of acquiring, holding, arranging, maintaining, and opening to the public, under suitable regulations, beautiful and historical places and tracts of land within this Commonwealth, with the powers and privileges and subject to the duties set forth in chapter one hundred and fifteen of the Public Statutes and in such other general laws as now are or hereafter may be in force relating to such corporations; but said corporation shall have no capital stock.

SECTION 2. Said corporation may acquire and hold by grant, gift, devise, purchase, or otherwise, real estate, such as it may deem worthy of preservation for the enjoyment of the public, but not exceeding one million dollars in value, and such other property, both real and personal, as may be necessary or proper to support or promote the objects of the corporation, but not exceeding in the aggregate the further sum of one million dollars.

SECTION 3. All personal property held by said corporation, and all lands which it may cause to be opened and kept open to the public, and all lands which it may acquire and hold with this object in view, shall be exempt from taxation in the same manner and to the same extent as the property of literary, benevolent, charitable, and scientific institutions incorporated within this Commonwealth is now exempt by law; but no lands so acquired and held and not open to the public shall be so exempt from taxation for a longer period than two years. Said corporation shall never make any division or dividend of or from its property or income among its members.

SECTION 4. This act shall take effect upon its passage.

**BY-LAWS OF THE TRUSTEES OF PUBLIC
RESERVATIONS.**

ARTICLE I.**OF MEMBERS.**

The members of the corporation shall be residents of Massachusetts and their number shall not exceed fifty.

The Standing Committee may, if it sees fit, nominate persons to membership by inserting the names of candidates upon the notice of warning of any meeting. The election shall take place at any meeting subsequent to such notice, and shall be by ballot upon the names proposed by the Standing Committee; and any person who receives the votes of two-thirds of the members present and voting shall, on his acceptance in writing of his election, be declared and enrolled a member of the corporation. Membership may be terminated by resignation, and shall be terminated by failure for three successive years to attend the annual meeting; but in the latter case the Standing Committee may by vote suspend the operation of this rule when it sees best.

ARTICLE II.**OF FOUNDERS, LIFE ASSOCIATES AND CONTRIBUTORS.**

All persons from whom the corporation shall receive real or personal property to the value of one thousand dollars or more shall be permanently enrolled as Founders.

All persons not entitled to be enrolled as Founders, from whom the corporation shall receive real or personal property to the value of one hundred dollars or more, shall be enrolled during life as Life Associates.

All persons, societies or corporations not entitled to be enrolled as Founders or Life Associates, from whom the corporation shall receive one or more dollars, shall be enrolled as contributors for the year in which payment of such sum is made.

ARTICLE III.

OF MEETINGS.

1. The annual meeting of the corporation shall be held on the last Wednesday in January, in Boston or at such other city or town in the Commonwealth, and at such time and place, as the Standing Committee may determine. A quorum for the transaction of business shall consist of not less than seven members, but a majority of the members present and voting may adjourn any meeting from time to time until the business shall have been finished.

In the event of the annual meeting, by mistake or otherwise, not being called and held as herein prescribed, the Standing Committee shall order a special meeting to be called and held in lieu of and for the purposes of the annual meeting.

Special meetings of the corporation may be called by the Standing Committee to meet at any time and place. A quorum at a special meeting shall consist of not less than seven members.

2. At all meetings the President shall take the chair as soon as a quorum is present; and the record of the preceding meeting shall then be read, unless such reading is dispensed with by the unanimous consent of those present. After which at all special meetings the business for which the meeting was called shall be transacted, and at the annual meeting the order of business shall be as follows:—

First.—The unfinished business and the assignments of the last meeting shall be announced by the Secretary to the President and taken up in order.

Second.—The Secretary shall be called on to submit a written report of the doings of the Standing Committee for the year ending with the previous 31st of December.

Third.—The Treasurer shall be called upon to submit a written report of his doings for the year ending with the previous 31st of December, and the financial condition of the corporation of that date.

Fourth.—The Committee to audit the Treasurer's accounts shall be called on for a report.

Fifth.—Any special committee which may have been appointed during the year shall be called on to report.

Sixth.—If the Standing Committee shall have proposed changes in the By-laws, the same shall be voted upon as provided in Article VII.

Seventh. — If the Standing Committee shall have made any nominations to membership in the corporation, an election shall be held as provided in Article I.

Eighth. — An election of officers for the ensuing year shall be held, as provided in Article IV., Section 1.

Ninth. — On the announcement of the vote the newly elected President shall take the chair, and shall give the members present an opportunity to present new business.

Tenth. — The newly elected President shall appoint a committee to audit the Treasurer's accounts.

ARTICLE IV.

OF OFFICERS.

1. The officers of the corporation shall be a President, a Vice-President, a Secretary and a Treasurer. The Secretary and Treasurer shall be *ex-officiis* members of the Standing Committee, which shall consist of seven persons in all. The officers and the Standing Committee shall be chosen by ballot at the annual meeting of the corporation, an adjournment thereof, or at a meeting in lieu of such annual meeting, as above provided; and they shall hold their offices for one year, or until others are duly chosen and qualified in their stead. Any vacancy occurring in any of the above offices from death, resignation or inability, shall be filled by the Standing Committee at their next regular meeting or at a special meeting to be called for the purpose before such regular meeting.

2. The President shall preside at all meetings of the corporation. If he is absent; the Vice-President, and, if the Vice-President is also absent, a President *pro tempore*, chosen by hand vote of the members of the corporation present, shall preside, and shall have all the powers and perform all the duties of the President.

3. The Secretary shall warn the members of all meetings of the corporation, according as he may be directed by votes of the Standing Committee. He shall call the meetings of the Standing Committee as he may be directed by the chairman of the committee or on the request in writing of any two members thereof. He shall carry on all the correspondence of the corporation not otherwise provided for, and shall, when the correspondence is of importance, preserve copies of the letters sent and the original letters received, for transmission with his records to his successor in office. He shall keep an exact record of

all meetings of the corporation and of the Standing Committee, with the names of the members present, entering in full all reports of committees, which may be accepted, by either body, unless otherwise directed.

At the January meeting of the Standing Committee he shall make a written report of the doings of that body for the year ending on the previous 31st of December; and, if the report is approved, he shall present it at the annual meeting of the corporation.

4. The Treasurer shall, when directed, as provided in the next paragraph, make disbursements; and he shall also collect all moneys due to the corporation, and shall keep regular and faithful account of all the moneys and funds of the corporation which shall come into his hands and of all receipts and expenditures connected with the same, which accounts shall always be open to the inspection of members of the corporation. He shall make no investments and pay no moneys without either the approval of a majority of the Standing Committee or else of such officer or committee as said Standing Committee shall appoint to act for it in these matters. At the January meeting of the Standing Committee he shall make a written report of his doings for the year ending on the previous 31st of December; and, if his report is approved, he shall present it at the annual meeting of the corporation.

ARTICLE V.

OF THE STANDING COMMITTEE.

The Standing Committee shall, at its first meeting after the annual meeting of the corporation in each year, elect a chairman, whose duty it shall be to preside at all meetings of the committee. In his absence a chairman *pro tempore* may be chosen by hand vote. The Standing Committee shall meet at least once in every month, and a quorum shall consist of not less than three members. The Standing Committee may nominate or refuse to nominate new members of the corporation, may accept or decline gifts offered to the corporation, may approve or disapprove investments or expenditures proposed by the Treasurer, may approve or disapprove all bills against the corporation, may appoint subcommittees of their number, may appoint and remove agents, may engage whatever assistance is needed to administer the affairs of the corporation, may designate such agents and employees by such titles as they may deem proper, and, in general, may exercise all the executive powers of the corporation.

ARTICLE VI.

OF THE SEAL.

The corporate seal shall be a circular, flat-faced die of about an inch and a half in diameter, with the name of the corporation, the year of its organization, the word "Massachusetts" and the figure of a pine tree so engraved on its face that it can be embossed on paper by pressure.

ARTICLE VII.

OF AMENDMENTS.

At any annual meeting of the corporation, or at a special meeting called for the purpose, these By-laws may be amended, altered or repealed by a two-thirds vote of the members present and voting, provided that notice of such proposed change shall have been given in the call of the meeting.

TWENTY-FIRST ANNUAL REPORT OF THE TRUSTEES OF PUBLIC RESERVATIONS.

The Standing Committee of the Trustees of Public Reservations submits herewith its twenty-first annual report.

Virginia Wood, in Stoneham, is still cared for by the Metropolitan Park Commission as a part of the Middlesex Fells Reservation. The superintendent reports that no new work has been done in this section during the year, with the exception of the construction of a new turn from Ravine Road to Washington Street, in place of the old turn, which was very sharp and dangerous. The tree growth continues to improve from year to year, as the damage done by the gypsy moths becomes less, and is in excellent condition throughout this section. The paths and walks have been kept in repair and the section visited by the usual large number of persons.

Goodwill Park, in Falmouth, has had general care during the year, the roads have been kept in repair and the débris from picnics cleaned up and removed. Only a small portion of the regular appropriation made by the town for the maintenance of the park has been expended this year, as unfortunate circumstances left no one to take responsibility for new work. Early in the summer William Taggard Piper, who had been for many years the active member of the local committee, died after a short illness, and Mr. Beebe, the remaining member of the committee, was in Europe during the summer. The balance of the appropriation lapses, but will undoubtedly be renewed by the town at its annual meeting, and can be expended to advantage under the direction of the present committee. The Standing Committee desires to place on record its full appreciation of the efficient and long-continued services rendered to the trustees by Mr. Piper during his service upon this committee.

Rocky Narrows, on the Charles River, at Sherborn, has been visited by the canoeists in the usual numbers. The committee report that there had been no changes in the condition of the reservation, and the rules which have been adopted for its use have been conformed to by those who have made use of it.

Mount Ann Park, in Gloucester, has been kept in good condition, although the presence of the gypsy moth in that region is a source of anxiety, and it has required active work to prevent the increase of this insect pest in this wild piece of woodland. Some necessary clearing and cleaning up has been done in the section near the entrance to the park, and it is desirable that work of this kind should be extended to other portions, both to facilitate moth work and as a protection against danger from wood fires. For the same reasons additional paths might well be provided. The disappearance of the signs which were placed there several years ago requires that new ones should be put up to direct the public. A suggestion has been made for a new path connecting with the roads leading to the Magnolia Station. This is a matter which should receive the careful attention of your committee the coming year.

The committee on *Governor Hutchinson's Field* report that the surface of the field was somewhat improved in the early spring by spreading over it the road scrapings from Adams Street. In this way several depressions were raised to the general grade, and a certain amount of nourishment was got for the grass. The grass was sold standing, as usual, the expense of putting it up at auction being just met by the receipts. The gypsy and brown-tail moth situation having grown a little worse, especially at the foot of the slope, all superfluous brush was removed, the young trees thinned out again, and dead branches removed from the larger growth. All remaining trees were sprayed. Towards the end of the summer the stone wall along the front was put in condition. This is made up mostly of large rocks, which were chinked up with very heterogeneous material, and clumsily pointed with mortar. All the small stones in the crevices were removed, the large rocks, many of which are really fine boul-

ders, were put into better line, and the mortar kept back in the crevices so as to allow the rocks to stand in a manner more suggestive of natural conditions.

The destructive fire which swept through *Monument Mountain Reservation* last year was mentioned in the last report. Further examination has shown that the damage was far more extensive and serious than was then realized. The situation has been carefully examined by two firms of experts, and the trustees are also indebted to their fellow trustee, Mr. John S. Ames, who has personally visited the reservation and has given to the committee the benefit of his observations and his advice. The growth affected is very largely chestnut, and it is the opinion of all three independent investigators that the chestnut and other growth killed by the fire should be removed. The situation is further complicated by the chestnut blight, which has spread from the State of New York into Connecticut and is already found in Massachusetts, for which no remedy has been found. It would therefore appear that sooner or later the chestnut growth of the reservation, whether damaged by fire or not, is doomed. Under these circumstances your committee is forced to the conclusion that the only wise course to pursue is to proceed at once to remove the chestnut and other damaged trees and to replace them by a planting of pine. Steps have been taken with this end in view, and it is hoped that from the sale of the timber, before further deterioration takes place, something may be realized towards the expense of planting.

Pine Knoll, in Sheffield, has been kept in good condition, and some of the fencing repaired. The building of a trolley road in the vicinity made it possible to obtain some filling material without cost, and it has been deposited so as to fill some of the low land near the main street. When this can be properly graded and some additional fencing done the result will be an improvement to the reservation.

At *Petticoat Hill*, in Williamsburg, the paths were put in repair in the spring. On account of the steepness of the hill and the character of the soil this is a work which requires considerable labor and attention every year. A drain

was also laid to carry away the overflow from the spring which had been an annoyance to a neighboring owner. There has been a noticeable increase in the number of partridges and squirrels in the park during the last few years, and some trouble has been experienced in excluding hunters from the reservation during the hunting season. The park has been largely used by visitors during the summer months.

The corporation has lost two of its members during the past year. Daniel H. Newton was prevented by age from taking an active part in the work of the trustees, but he attended its meetings and was much interested in the organization.

William Taggard Piper not only gave freely of his time and attention to the care of Goodwill Park, in Falmouth, but also interested himself in all the work of the trustees with that devotion which marked his connection with the many public and philanthropic organizations in which he accepted membership.

Respectfully submitted,

HENRY P. WALCOTT, *Chairman*,
CHARLES S. SARGENT,
NATHANIEL T. KIDDER,
CHARLES S. RACKEMANN,
EDWARD W. FORBES,
GEORGE WIGGLESWORTH, *Treasurer*,
JOHN WOODBURY, *Secretary*,
